Desktop stand smart card / ID card reader AXAGON CRE-SM4 StandReader with USB 2.0 interface. The card reader supports all common contact smart card formats, chip cards and other cards, including contact bank payment cards or contact electronic ID cards .

The reader is compatible with most national applications for eID (electronic ID cards). Compatibility with all common OS such as Windows, Linux and Mac OS allows wide range of applications.

The smart LED indicator lights up shortly after the activity change, then turns off and doesn't bother the user with unnecessary light. Compact design, high-quality manufacturing, anti-slip pads and long cable ensure easy and trouble-free use.
