SMART WALL CHARGER

Dual AXAGON PWC-5V3 car USB charger to charge up to two mobile devices at a time. With a total power of 15.5W, the charger recharges mobile phones and tablets at the same speed as the mains USB power adapter. Two 5 V/1 A and SMART 5 V/2.1 A USB outputs allow charging of most mobile devices. It is compatible with Apple iPhone, iPad, iPod, and Android phone and tablet charging standards.

The AIC function recognizes the connected device and automatically selects the optimal charging speed, while the CV/CC function ensures steady course of charging. The advanced protection system at the charging adapter output protects the device being charged from damage. The car charger indicates the correct input power with a blue LED built inside, its light does not dazzle and does not distract you while driving. The body of the power adapter has a pleasant shape and size, so it can be easily removed from the car cigarette lighter socket

INPUT

- connector two-pin EURO fork
- compatibility 100 - 240V AC, 50/60Hz

OUTPUT

- output power 2.1A + 1A / 5V DC
- connector 2X USB Type A female

SUPPORTED FEATURES

- charging 2 devices at the same time yes
- Standard charging yes (5V /1A)
- Smart charging yes (5V /2.1A)
- USB Battery Charging 1.2 yes
- Qualcomm Quick Charge 1.0 yes
- Qualcomm Quick Charge 2.0 no
- Qualcomm Quick Charge 3.0 no
- Samsung Adaptive Fast Charging no
- Huawei Fast Charge Protocol no
- MediaTek Pump Express+ no
- MediaTek Pump Express+ no
- overload protection yes
- short circuit protection yes
- protection against voltage spikes yes
- protection against overheating yes

OTHER FEATURES

- dimensions 88 x 45 x 26 mm (including the fork)
- weight 54 g
