AXAGON **ACU-QC**

QUICK WALL CHARGER

AXAGON ACU-QC mains USB charger with Quick Charge 3.0 technology to quickly charge mobile devices. With a maximum power of 19.5 W, the charger recharges mobile phones and tablets at the highest possible speed. It is compatible with Apple iPhone, iPad, Samsung, Huawei, Honor, HTC, Xiaomi, LG, Motorola and other fast charging standards.

The Quick Charge 3.0 technology allows up to 4 times faster charging of supported devices than a conventional USB charger. The AIC function recognizes the connected device and automatically selects the optimal charging speed, while the CV/CC function ensures steady course of charging.

The advanced protection system at the charging adapter output protects the device being charged from damage. The body of the power adapter has a pleasant shape and size, true handy helper at home as well as on the road.
